Introduction

2Checkout.com is a payment processing gateway supported by LiteCommerce. When you enable this module the corresponding online payment method is available for your store. Then you can easily configure your store to talk to 2Checkout payment service. When customers pay for the items purchased from your store, 2Checkout handles the transaction in a secure environment.

All you need is a merchant account with 2Checkout to accept your customers' credit card or online checks. If you do not have a 2Checkout account, you can find more information and sign up at <http://www.2checkout.com>

Administrator Zone

This section contains information on:

- [installing the LiteCommerce 2Checkout.com add-on module;](#)
- [configuring the module](#)
- [activating 2Checkout payment method.](#)

Installing the Module

To successfully install **2Checkout.com** add-on module your shopping system requires LiteCommerce shopping cart software version 2.x to be installed at your online store.

Select the 'Modules' section in the 'Settings' menu of the Administrator Zone. The list of currently installed modules will appear. To install a module (**2Checkout.com** in our case) click on the '**Browse...**' button, select the module's '**.tar**' file and click on the '**Install**' button to add the module to your store setup.

>> **You have no modules installed** <<

Install new module

Select module .tar file:

'**2Checkout.com**' module will appear in the list of the installed modules; it will be activated automatically.

Admin menu :: Modules

Modules

Use this section to manage add-on components of your online store. [How to use this section >>>](#)

You have **1** module installed and **1** module activated.

Commercial payment modules

Title	Active	Description	Version	
▶ 2CheckoutCom	<input checked="" type="checkbox"/>	2Checkout.com credit card payment processor gateway	2.11	<input type="button" value="Uninstall"/>

To deactivate the module, unselect the '**Active**' check box against the module title and click on the '**Update**' button. To completely uninstall the module, click on the '**Uninstall**' button.

Configuring the Module

To configure 2Checkout.com module's settings, click on the 'Modules' section of the 'Settings' menu, and select '2Checkout.com' in the list of the activated modules.

2Checkout.com payment version

Select *Version 1 (old mode)* or *Version 2 (new mode)* from the drop-down box and click '**Change**'. Follow the steps, corresponding to your payment version, given below to complete the settings.

Version 1 (old mode)

Important: the next 4 steps are to be performed in your 2Checkout merchant account.

1. Login to your merchant account on 2Checkout.com.
2. Go to the 'Shopping cart' menu.
3. Set the option 'Return to a routine on your site after credit card processed?' to 'Yes'.
4. Enter a URL into the 'Return URL' field. The URL you need is located on the 2Checkout configuration page in your LiteCommerce-based store. Find the line: 'Set the 'Return URL' to:', copy the URL and paste into the required field in your 2Checkout merchant account.

Admin menu :: Payment methods :: 2Checkout.com configuration

2Checkout.com settings

2Checkout.com payment version: Version 1 (old mode) Change

Use this page to configure your store to communicate with your 2Checkout.com Payment Processing Gateway. Complete the required fields below and press the "Update" button.

Note: In order to track your 2Checkout orders by the shopping cart software you have to proceed these steps:

- ◆ Log in to your 2Checkout account
- ◆ Go to the 'Shopping cart' menu
- ◆ Set the option 'Return to a routine on your site after credit card processed?' to 'Yes'
- ◆ Set the 'Return URL' to:
http://www.example.com/cart.php?target=callback&action=callback&order_id_name=x_invoice_num

Merchant account ID:

URL:

Update

5. Now return to your LiteCommerce-based store: Admin menu :: Payment methods :: 2Checkout.com configuration

6. Enter your 2Checkout.com Merchant Account ID into the provided field.

7. Enter the URL for sending requests to 2Checkout into the 'URL' field.

Note: Please contact 2Checkout to receive the exact URL. At the time this manual is written, the URL is <https://www.2checkout.com/cgi-bin/sbuyers/cartpurchase.2c>.

8. Click on '**Update**' to complete the settings.

Version 2 (new mode)

Important: the first 5 steps are to be performed in your 2Checkout merchant account.

1. Log in to your 2Checkout account

2. Click on the 'Look & Feel settings' in the 'Helpful links' section.

3. Set the option 'Direct Return?' to 'Yes'

4. Enter a URL into the 'Approved URL' field. The URL you need is located on the 2Checkout configuration page in your LiteCommerce-based store. Find the line: 'Set the 'Approved URL' to:', copy the URL and paste into the required field in your 2Checkout merchant account.

5. Set 'Your secret Word'. A Secret Word is known only to the seller and 2CheckOut.
