## Introduction

The LiteCommerce **Showcase Organizer** add-on module allows to configure the product list look and feel. Depending on the settings of the **Showcase Organizer** module the set of products in categories can be represented as a list of product descriptions, a set of clickable icons allowing to access more detailed product description, or a table including clickable product names.

- [installing the Showcase Organizer add-on module;](#)
- [configuring the module.](#)

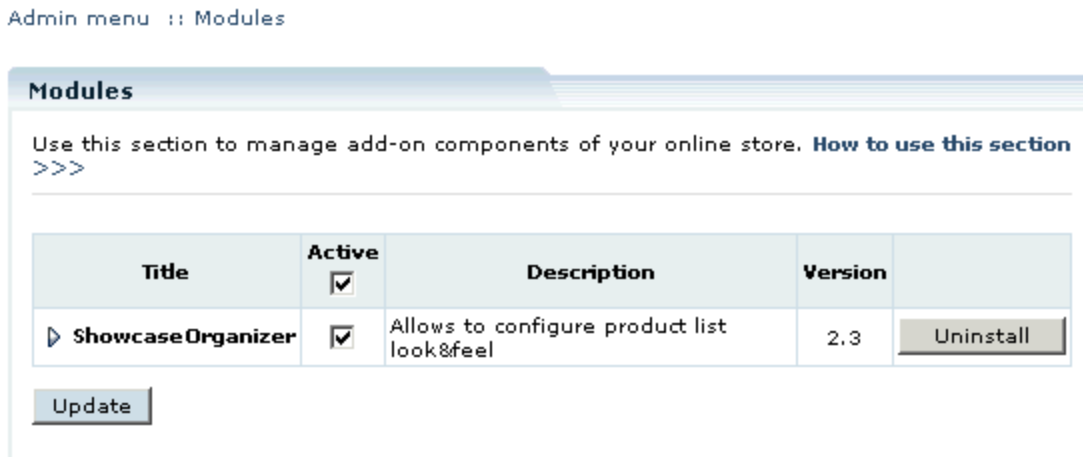

## 1.1 Installing the Module

To successfully install **Showcase Organizer** add-on module your shopping system requires LiteCommerce shopping cart software version 2.x to be installed at your online store.

Select the 'Modules' section in the 'Settings' menu of the Administrator Zone. The list of currently installed modules will appear. To install a module (**Showcase Organizer** in our case) click on the '**Browse...**' button, select the module's '**.tar**' file and click on the '**Install**' button to add the module to your store setup.

'**Showcase Organizer**' module will appear in the list of the installed modules; it will be activated automatically.

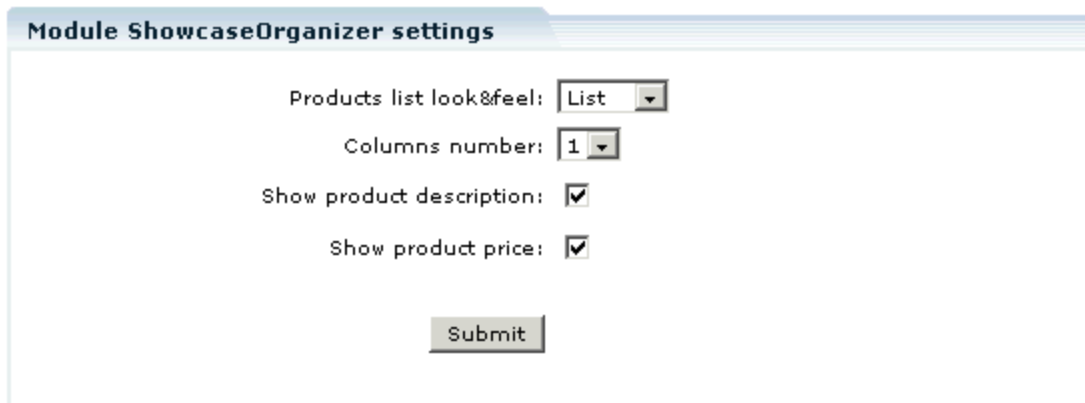

To deactivate the module, unselect the '**Active**' check box against the module title and click on the '**Update**' button. To completely uninstall the module, click on the '**Uninstall**' button.

## 1.2 Configuring the Module

After you have successfully installed the **Showcase Organizer** add-on module, click on the '**Showcase Organizer**' module link to enter the module's settings page.

The following options are available:

**Products list look&feel:** select from 'List', 'Icons', 'Table'. Please see how this setting affects the Customer Zone in the section [2. Customer Zone](#) of this manual.

**Columns number:** if the previous option is set to 'Icons', select the number of columns (1-5). This setting does not affect the other two look&feel styles.

**Show product description:** select this option to add product description if the 'Product list look&feel' option is set to 'List'. This setting does not affect the other two look&feel styles.

**Show product price:** select this option to add product price to all the three look&feel styles.

## 2. Customer Zone

The way the Customer Zone of your store looks like depends on the settings of the **Showcase Organizer** add-on module. The following figures illustrate possible options.

**Note:** If you have **WholesaleTrading** add-on module installed and define a category as 'for bulk shopping', the settings of **Showcase Organizer** module do not affect the display of this category.
